

FREE RESOURCE FOR EDUCATORS!

*My Health
Career®*

The Program

My Health Career® is a health care career exploration tool that can be used in a computer lab setting.

My Health Career® allows students to:

- Explore health care careers online
- Assess their skills and interests
- Connect with education and training opportunities
- Create a career path

Target Audience

10th, 11th, and 12th Graders

The Cost

There is no cost to have a My Health Career® presentation(s) at your school

What's Covered

My Health Career® presentation(s) by HM AHEC staff, as well as goodies and prizes for the students

How It Works

Contact HM AHEC to schedule presentation(s) for your students

Reserve your school's computer lab so each student will have a computer to go through My Health Career® (internet access required) during the presentation
